## About A-Mark Precious Metals

Founded in 1965, A-Mark Precious Metals, Inc. is a leading fully integrated precious metals platform that offers an array of gold, silver, platinum, palladium, and copper bullion, numismatic coins, and related products to wholesale and retail customers via a portfolio of channels. The company conducts its operations through three complementary segments: Wholesale Sales & Ancillary Services, Direct-to-Consumer, and Secured Lending. The company's global customer base spans sovereign and private mints, manufacturers and fabricators, refiners, dealers, financial institutions, industrial users, investors, collectors, e-

commerce customers, and other retail customers.

A-Mark's Wholesale Sales & Ancillary Services segment distributes and purchases precious metal products from sovereign and private mints. As a U.S. Mint-authorized purchaser of gold, silver, and platinum coins since 1986, A-Mark purchases bullion products directly from the U.S. Mint for sale to customers. A-Mark also has longstanding distributorships with other sovereign mints, including Australia, Austria, Canada, China, Mexico, South Africa, and the United Kingdom. The company sells more than 200 different products to e-commerce retailers, coin and bullion dealers, financial institutions, brokerages, and collectors. In addition, A-Mark sells precious metal products to industrial users, including metal refiners, manufacturers, and electronic fabricators.

Through its A-M Global Logistics subsidiary, A-Mark provides its customers with a range of complementary services, including managed storage options for precious metals as well as receiving, handling, inventorying, processing, packaging, and shipping of precious metals and coins on a secure basis. A-Mark's mint operations, which are conducted through its wholly owned subsidiary [Silver Towne Mint](#), enable the company to offer customers a wide range of proprietary coin and bar offerings and, during periods of market volatility when the availability of silver bullion from sovereign mints is often product constrained, preferred product access.

A-Mark's Direct-to-Consumer segment operates as an omni-channel retailer of precious metals, providing access to a multitude of products through its wholly owned subsidiaries, [JM Bullion](#) and [Goldline](#). JM Bullion is a leading e-commerce retailer of precious metals and operates seven separately branded, company-owned websites targeting specific niches within the precious metals market: [JMBullion.com](#), [ProvidentMetals.com](#), [Silver.com](#), [GoldPrice.org](#), [SilverPrice.org](#), [BGA](#) and [BullionMax.com](#). JMB also owns [CyberMetals.com](#), an online platform where customers can purchase and sell fractional shares of digital gold, silver, platinum, and palladium bars in a range of denominations. Goldline markets precious metals directly to the investor community through various channels, including television, radio, and telephonic sales efforts. A-Mark also holds minority ownership interests in four additional direct-to-consumer brands.

The company operates its Secured Lending segment through its wholly owned subsidiary, Collateral Finance Corporation ([CFC](#)). Founded in 2005, CFC is a California licensed finance lender that originates and acquires loans secured by bullion and numismatic coins. Its customers include coin and precious metal dealers, investors, and collectors.
