A-Mark Precious Metals Reports Fiscal First Quarter 2022 Results

EL SEGUNDO, Calif., Nov. 04, 2021 (GLOBE NEWSWIRE) -- **A-Mark Precious Metals, Inc. (NASDAQ: AMRK)**, a leading fully integrated precious metals platform, reported results for the fiscal first quarter ended September 30, 2021.

Fiscal First Quarter 2022 Financial Highlights

- Revenues for the three months ended September 30, 2021 increased 8% to \$2.01 billion from \$1.87 billion for the three months ended September 30, 2020 and decreased 8% from \$2.18 billion for the three months ended June 30, 2021
- Gross profit for the three months ended September 30, 2021 increased 55% to \$56.0 million from \$36.1 million for the three months ended September 30, 2020 and decreased 36% from \$87.1 million for the three months ended June 30, 2021
- Gross profit margin for the three months ended September 30, 2021 increased to 2.78% of revenue, from 1.94% of revenue for the three months ended September 30, 2020, and declined from 4.00% of revenue in the three months ended June 30, 2021
- Net income attributable to the Company for the three months ended September 30, 2021 totaled \$26.0 million or \$2.17 per diluted share, as compared to net income of \$23.1 million or \$3.09 per diluted share for the three months ended September 30, 2020, and net income of \$51.0 million or \$4.28 per diluted share for the three months ended June 30, 2021
- Adjusted net income before provision for income taxes, depreciation, amortization and acquisition costs, a non-GAAP financial measure, for the three months ended September 30, 2021 totaled \$41.1 million, an increase of \$10.4 million compared to \$30.7 million for the three months ended September 30, 2020, and a decrease of \$31.2 million compared to \$72.3 million for the three months ended June 30, 2021
- Gold ounces sold in the three months ended September 30, 2021 decreased 7% to 669,000 ounces from 721,000 ounces for the three months ended September 30, 2020, and decreased 13% from 772,000 ounces for the three months ended June 30, 2021
- Silver ounces sold in the three months ended September 30, 2021 increased 16% to 28.1 million ounces from 24.2 million ounces for the three months ended September 30, 2020, and decreased 21% from 35.7 million ounces for the three months ended June 30, 2021
- As of September 30, 2021, the number of secured loans increased 84% to 2,074 from 1,125 as of September 30, 2020, and increased 10% from 1,881 as of June 30, 2021

Fiscal First Quarter 2022 Financial Results

Revenues increased 8% to \$2.01 billion from \$1.87 billion in the same year-ago quarter due to an increase in silver ounces sold at higher selling prices, partially offset by lower gold ounces sold at lower selling prices. JM Bullion (“JMB”) contributed \$472.3 million of revenue to the quarter.

Gross profit increased 55% to \$56.0 million (2.78% of revenue) from \$36.1 million (1.94% of revenue) in the same year-ago quarter. The gross profit increase was due to higher gross profits earned from the Direct-to-Consumer (DTC) segment including \$24.7 million contributed by JMB.

Selling, general and administrative expenses increased 76% to \$16.7 million from \$9.5 million in the same year-ago quarter. The increase was primarily due to \$6.0 million of expenses incurred by JMB, \$0.7 million of consulting and professional fees, higher insurance costs of \$0.4 million and increased compensation expense (including performance-based accruals) of \$0.2 million.

Depreciation and amortization expense increased 1,551% to \$8.3 million from \$0.5 million in the same year-ago quarter. The increase was primarily due to \$7.7 million of amortization of acquired intangibles related to JMB.

Interest income increased 39% to \$5.5 million from \$4.0 million in the same year-ago quarter. The aggregate increase was primarily due to higher interest income earned by the Secured Lending Segment, and higher other finance product income.

Interest expense increased 28% to \$5.5 million from \$4.3 million in the same year-ago quarter. The increase in interest expense was primarily driven by \$0.7 million related to product financing arrangements, \$0.4 million associated with the Company’s Trading Credit Facility and Notes Payable, \$0.2 million of loan servicing fees, offset by a \$0.2 million decrease in interest and fees associated with liabilities on borrowed metals.

Earnings from equity method investments decreased 64% to \$1.5 million from \$4.1 million in the same year-ago quarter. The aggregate decrease was primarily due to the acquisition of JMB, which occurred in March 2021 and has subsequently been reported by the Company as a wholly owned subsidiary. The related \$3.7 million decrease was partially offset by increased earnings of \$1.0 million from the Company’s other equity method investments.

Net income attributable to the Company totaled \$26.0 million or \$2.17 per diluted share, compared to net income of \$23.1 million or \$3.09 per diluted share in the same year-ago quarter. Diluted weighted average shares outstanding for the three months ended September 30, 2021 were 12.0 million compared to 7.5 million in the same year ago quarter.

Adjusted net income before provision for income taxes, depreciation, amortization and acquisition costs, a non-GAAP financial measure, totaled \$41.1 million, compared to \$30.7 million in the same year-ago quarter. The increase is principally due to higher net income before provision for income taxes of \$2.6 million and higher amortization of acquired intangibles of \$7.7 million.

Management Commentary

“Our first quarter results illustrate the continued advantages of our integrated and diversified

business model,” said A-Mark CEO Greg Roberts. “Revenue grew 8% year-over-year, driving a 55% increase in gross margin and a 7% return on equity, led by the continued positive contribution of our higher-margin DTC segment, driven by JMB. While the start to the quarter was somewhat subdued compared to the prior quarter, business trends improved during the second half of the quarter.

“Our vertically integrated businesses, coupled with our strategic DTC expansion, highlighted by JMB, continue to deliver strong results. JMB’s integration continues to go well, and we are encouraged by the business performance of our recently expanded strategic investments, where we are working to accelerate growth and synergies.

“We continue to see positive macro tailwinds persisting, including precious metals supply constraints and elevated demand for precious metals products in both the retail and wholesale segments. We remain optimistic that our platform and proven business model will assist us to generate profit in stable periods and opportunities for outsized returns in periods of volatility driving strong returns for A-Mark over the long term.”

Conference Call

A-Mark will hold a conference call today (November 4, 2021) to discuss these financial results. The Company's CEO Greg Roberts, President Thor Gjerdrum and CFO Kathleen Simpson-Taylor will host the call at 4:30 p.m. Eastern time (1:30 p.m. Pacific time). A question-and-answer session will follow management's presentation.

To participate, please dial the appropriate number at least five minutes prior to the start time and ask for the A-Mark Precious Metals conference call.

U.S. dial-in number: 1-855-327-6837

International number: 1-631-891-4304

Conference ID: 10016895

The conference call will be broadcast simultaneously and available for replay via the Investor Relations section of A-Mark’s website at www.amark.com. If you have any difficulty connecting with the conference call or webcast, please contact A-Mark’s investor relations team at 1-949-574-3860.

A replay of the call will be available after 7:30 p.m. Eastern time through November 18, 2021.

Toll-free replay number: 1-844-512-2921

International replay number: 1-412-317-6671

Conference ID: 10016895

About A-Mark Precious Metals

Founded in 1965, A-Mark Precious Metals, Inc. (NASDAQ: AMRK) is a leading fully integrated precious metals platform that offers an array of gold, silver, platinum, palladium, and copper bullion, numismatic coins and related products to wholesale and retail customers via a portfolio of channels. The company conducts its operations through three complementary segments: Wholesale Sales & Ancillary Services, Secured Lending, and Direct-to-Consumer. The company’s global customer base spans sovereign and private mints, manufacturers and fabricators, refiners, dealers, financial institutions, industrial users,

investors, collectors, and e-commerce and other retail customers.

A-Mark's Wholesale Sales & Ancillary Services segment distributes and purchases precious metal products from sovereign and private mints. As a U.S. Mint-authorized purchaser of gold, silver, and platinum coins since 1986, A-Mark purchases bullion products directly from the U.S. Mint for sale to customers. A-Mark also has longstanding distributorships with other sovereign mints, including Australia, Austria, Canada, China, Mexico, South Africa and the United Kingdom. The company sells more than 200 different products to e-commerce retailers, coin and bullion dealers, financial institutions, brokerages and collectors. In addition, A-Mark sells precious metal products to industrial users, including metal refiners, manufacturers and electronic fabricators.

Through its A-M Global Logistics subsidiary, A-Mark provides its customers with a range of complementary services, including managed storage options for precious metals as well as receiving, handling, inventorying, processing, packaging, and shipping of precious metals and coins on a secure basis. A-Mark's mint operations, which are conducted through its wholly owned subsidiary [Silver Towne Mint](#), enable the company to offer customers a wide range of proprietary coin and bar offerings and, during periods of market volatility when the availability of silver bullion from sovereign mints is often product constrained, preferred product access.

A-Mark's Direct-to-Consumer segment operates as an omni-channel retailer of precious metals, providing access to a multitude of products through its wholly owned subsidiaries, [JM Bullion](#) and [Goldline](#). JM Bullion is a leading e-commerce retailer of precious metals and operates five separately branded, company-owned websites targeting specific niches within the precious metals market: [JMBullion.com](#), [ProvidentMetals.com](#), [Silver.com](#), [GoldPrice.org](#), [SilverPrice.org](#). Goldline markets precious metals directly to the investor community through various channels, including television, radio and telephonic sales efforts. A-Mark also holds minority ownership interests in two additional direct-to-consumer brands.

The company operates its Secured Lending segment through its wholly owned subsidiaries, Collateral Finance Corporation ([CFC](#)) and AM Capital Funding. Founded in 2005, CFC is a California licensed finance lender that originates and acquires loans secured by bullion and numismatic coins. Its customers include coin and precious metal dealers, investors and collectors. AM Capital Funding was formed in 2018 for the purpose of securitizing eligible secured loans of CFC.

A-Mark is headquartered in El Segundo, CA and has additional offices and facilities in the neighboring Los Angeles area as well as in Dallas, TX, Las Vegas, NV, Winchester, IN, and Vienna, Austria. For more information, visit www.amark.com.

Important Cautions Regarding Forward-Looking Statements

Statements in this press release that relate to future plans, objectives, expectations, performance, events and the like are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and the Securities Exchange Act of 1934. These include statements regarding future macroeconomic conditions and demand for precious metal products, and the Company's ability to effectively respond to changing economic conditions. Future events, risks and uncertainties, individually or in the aggregate, could cause actual results or circumstances to differ materially from those expressed or implied in these statements. Factors that could cause actual results to differ include the

following: the failure to execute the Company's growth strategy as planned; greater than anticipated costs incurred to execute this strategy; changes in the current international political climate which has favorably contributed to demand and volatility in the precious metals markets; increased competition for the Company's higher margin services, which could depress pricing; the failure of the Company's business model to respond to changes in the market environment as anticipated; general risks of doing business in the commodity markets; the effects of the COVID-19 pandemic and the eventual return to normalized business and economic conditions; and the strategic, business, economic, financial, political and governmental risks described in in the company's public filings with the Securities and Exchange Commission.

The words "should," "believe," "estimate," "expect," "intend," "anticipate," "foresee," "plan" and similar expressions and variations thereof identify certain of such forward-looking statements, which speak only as of the dates on which they were made. Additionally, any statements related to future improved performance and estimates of revenues and earnings per share are forward-looking statements. The company undertakes no obligation to publicly update or revise any forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements.

Use and Reconciliation of Non-GAAP Financial Measures

In addition to presenting the Company's financial results determined in accordance with GAAP, management believes the following non-GAAP financial measure is useful in evaluating the Company's operating performance. The Company presents "adjusted net income before provision for income taxes" because management believes it assists investors and analysts by facilitating comparison of period-to-period operational performance on a consistent basis by excluding items that management does not believe are indicative of the Company's core operating performance. The items excluded from this financial measure may have a material impact on the Company's financial results. Certain of those items are non-recurring, while others are non-cash in nature. Accordingly, this non-GAAP financial measure should be considered in addition to, and not as a substitute for or superior to, the comparable measures prepared in accordance with GAAP, and should be read in conjunction with the financial statements included in the Company's Quarterly Report on Form 10-Q to be filed with the SEC.

In the Company's reconciliation from its reported GAAP "net income before provision for taxes" to its non-GAAP "adjusted net income before provision for taxes," the Company eliminates the impact of the following three amounts: (i) acquisition expenses; (ii) amortization expenses related to intangible assets acquired; and (iii) depreciation expense.

Management encourages investors and others to review the Company's financial information in its entirety and not to rely on any single financial measure.
