Title: General Counsel and Secretary

Exhibit 99.1

A-Mark Precious Metals Reports Fiscal Second Quarter 2024 Results

Q2 FY 2024 Diluted Earnings Per Share of \$0.57

Repurchase of 440,092 Common Shares for \$12 Million

Asset Backed Securitization Notes Payable paid off at Maturity

Company reaffirms regular quarterly cash dividend policy of \$0.20 per share

El Segundo, CA – February 6, 2024 – A-Mark Precious Metals, Inc. (NASDAQ: AMRK), a leading fully integrated precious metals platform, reported results for the fiscal second quarter ended December 31, 2023.

Management Commentary

“Our second quarter results reflect the strength of our fully-integrated platform to generate profitable results,” said A-Mark CEO Greg Roberts. “Despite continued softened demand, we delivered \$0.57 per diluted share, \$25.1 million of non-GAAP EBITDA, and continued to enhance shareholder value by increasing our share repurchase program by buying back 440,092 shares of common stock during the quarter. During December, we also repaid our Notes Payable from our \$100MM Asset Backed Securitization.

“We continue to explore strategic opportunities, as reflected by our recent M&A activity, and to invest in logistics automation initiatives at our A-Mark Global Logistics (AMGL) facility in Las Vegas, which will allow us to efficiently handle a greater number of SKUs and increased volume, all while effectively minimizing our operational costs. We are confident that these strategic measures will support our growth strategy as we strive to further expand our business.

“Our commitment to generating stockholder value remains firm, and we are confident in A-Mark’s diversified and proven business model.”

Fiscal Second Quarter 2024 Operational Highlights

- Gold ounces sold in the three months ended December 31, 2023 decreased 20% to 450,000 ounces from 565,000 ounces for the three months ended December 31, 2022, and decreased 9% from 495,000 ounces for the three months ended September 30, 2023
 - Silver ounces sold in the three months ended December 31, 2023 decreased 30% to 26.6 million ounces from 38.1 million ounces for the three months ended December 31, 2022, and decreased 13% from 30.4 million ounces for the three months ended September 30, 2023
 - As of December 31, 2023, the number of secured loans decreased 32% to 715 from 1,049 as of December 31, 2022, and decreased 11% from 803 as of September 30, 2023
 - As of December 31, 2023, secured loans receivable increased 4% to \$106.6 million from \$102.5 million as of December 31, 2022, and increased 7% from \$99.2 million as of September 30, 2023
-

- Direct-to-Consumer new customers for the three months ended December 31, 2023 decreased 60% to 52,500 from 131,200 for the three months ended December 31, 2022, and increased 34% from 39,100 for the three months ended September 30, 2023
- Direct-to-Consumer active customers for the three months ended December 31, 2023 increased 17% to 136,400 from 116,400 for the three months ended December 31, 2022, and increased 28% from 106,400 for the three months ended September 30, 2023
- Direct-to-Consumer average order value for the three months ended December 31, 2023 decreased \$171, or 7% to \$2,218 from \$2,389 for the three months ended December 31, 2022, and decreased \$222, or 9% from \$2,440 for the three months ended September 30, 2023
- JM Bullion's average order value for the three months ended December 31, 2023 decreased \$177, or 8% to \$2,061 from \$2,238 for the three months ended December 31, 2022, and decreased \$178, or 8% from \$2,239 for the three months ended September 30, 2023

Fiscal Second Quarter 2024 Financial Summary

Revenues increased 7% to \$2.079 billion from \$1.950 billion in the same year-ago quarter. Excluding an increase of \$231.6 million of forward sales, revenues decreased \$102.5 million, or 7.3%, which was due to a decrease in gold and silver ounces sold, partially offset by higher average selling prices of gold and silver.

The Direct-to-Consumer segment contributed 18% and 23% of the consolidated revenue in the fiscal second quarters of 2024 and 2023, respectively. JMB's revenue represented 16% of the consolidated revenues for the fiscal second quarter of 2024 compared with 21% for the prior year fiscal second quarter.

Gross profit decreased 28% to \$46.0 million (2.21% of revenue) from \$64.0 million (3.28% of revenue) in the same year-ago quarter. The decrease in gross profit was due to lower gross profits earned from both the Wholesale Sales & Ancillary Services and Direct-to-Consumer segments. The Direct-to-Consumer segment contributed 48% and 57% of the consolidated gross profit in the fiscal second quarters of 2024 and 2023, respectively. Gross profit contributed by JMB represented 41% of the consolidated gross profit in the fiscal second quarter of 2024 and 51% of the consolidated gross profit for the prior year fiscal second quarter.

Selling, general and administrative expenses increased 8% to \$22.4 million from \$20.8 million in the same year-ago quarter. The change was primarily due to an increase in compensation expense (including performance-based accruals) of \$1.4 million, higher consulting and professional fees of \$0.6 million, an increase in information technology costs of \$0.4 million, partially offset by a decrease in insurance costs of \$0.9 million, and lower advertising costs of \$0.4 million.

Depreciation and amortization expense decreased 14% to \$2.8 million from \$3.3 million in the same year-ago quarter. The change was primarily due to a \$0.6 million decrease in JMB's intangible asset amortization expense.

Interest income increased 27% to \$6.3 million from \$5.0 million in the same year-ago quarter. The aggregate increase in interest income was primarily due to an increase in other finance product income of \$0.8 million and an increase in interest income earned by our Secured Lending segment of \$0.6 million.

Interest expense increased 41% to \$10.2 million from \$7.2 million in the same year-ago quarter. The increase in interest expense was primarily due to an increase of \$2.4 million associated with our Trading Credit Facility due to an increase in interest rates as well as increased borrowings and an increase of \$1.1 million related to product financing arrangements, partially offset by a decrease of \$0.3 million related to the AMCF Notes (including amortization of debt issuance costs) due to the repayment in December 2023.

Earnings from equity method investments decreased 83% to \$0.8 million from \$4.7 million in the same year-ago quarter. The decrease was due primarily to decreased earnings of our equity method investees.

Net income attributable to the Company totaled \$13.8 million or \$0.57 per diluted share, compared to net income of \$33.5 million or \$1.35 per diluted share in the same year-ago quarter.

Adjusted net income before provision for income taxes for the three months ended December 31, 2023 totaled \$21.7 million, a decrease of \$24.8 million or 53% compared to \$46.5 million in the same year-ago quarter. The decrease is principally due to lower net income before provision for income taxes.

EBITDA for the three months ended December 31, 2023 totaled \$25.1 million, a decrease of \$23.6 million or 48% compared to \$48.7 million in the same year-ago quarter. The decrease was principally due to lower net income of \$19.6 million, lower income tax expense of \$5.1 million, higher interest income of \$1.3 million, and higher interest expense of \$2.9 million.

Fiscal Six Months 2024 Financial Summary

Revenues increased 19% to \$4.563 billion from \$3.850 billion in the same year-ago period. Excluding an increase of \$891.6 million of forward sales, revenues decreased \$178.2 million, or 6.1%, which was due to a decrease in gold and silver ounces sold, partially offset by higher average selling prices of gold and silver.

The Direct-to-Consumer segment contributed 15% and 23% of the consolidated revenue for the six months ended December 31, 2023 and 2022, respectively. JMB's revenue represented 14% of the consolidated revenues for the six months ended December 31, 2023 compared with 21% for the six months ended December 31, 2022.

Gross profit decreased 32% to \$95.4 million (2.09% of revenue) from \$140.6 million (3.65% of revenue) in the same year-ago period. The decrease in gross profit was due to lower gross profits earned from both the Wholesale Sales & Ancillary Services and Direct-to-Consumer segments. The Direct-to-Consumer segment contributed 45% and 56% of the consolidated gross profit for the six months ended December 31, 2023 and 2022, respectively. Gross profit contributed by JMB represented 38% and 49% of the consolidated gross profit for the six months ended December 31, 2023 and 2022, respectively.

Selling, general and administrative expenses increased 15% to \$44.2 million from \$38.6 million in the same year-ago period. The change was primarily due to an increase in consulting and professional fees of \$2.6 million, an increase in compensation expense (including performance-based accruals) of \$2.6 million, an increase in information technology costs of \$0.7 million, partially offset by a decrease in insurance costs of \$0.5 million.

Depreciation and amortization expense decreased 13% to \$5.6 million from \$6.4 million in the same year-ago period. The change was primarily due to a \$1.1 million decrease in JMB's intangible asset amortization expense.

Interest income increased 23% to \$12.4 million from \$10.1 million in the same year-ago period. The aggregate increase in interest income was primarily due to an increase in other finance product income of \$1.5 million and an increase in interest income earned by our Secured Lending segment of \$0.8 million.

Interest expense increased 50% to \$20.0 million from \$13.4 million in the same year-ago period. The increase in interest expense was primarily driven by an increase of \$5.6 million associated with our Trading Credit Facility due to an increase in interest rates as well as increased borrowings, an increase of \$1.6 million related to product financing arrangements, partially offset by a decrease of \$0.4 million related to the AMCF Notes (including amortization of debt issuance costs) due to the repayment in December 2023, and a \$0.2 million decrease in loan servicing fees.

Earnings from equity method investments decreased 53% to \$3.5 million from \$7.3 million in the same year-ago period. The decrease was due primarily to decreased earnings of our equity method investees.

Net income attributable to the Company totaled \$32.6 million or \$1.34 per diluted share, compared to net income of \$78.6 million or \$3.18 per diluted share in the same year-ago period.

Adjusted net income before provision for income taxes for the six months ended December 31, 2023 totaled \$48.5 million, a decrease of \$59.2 million or 55% compared to \$107.7 million in the same year-ago period. The decrease is principally due to lower net income before provision for income taxes of \$58.7 million and lower amortization of acquired intangibles of \$1.1 million.

EBITDA for the six months ended December 31, 2023 totaled \$55.5 million, a decrease of \$55.3 million or 50% compared to \$110.9 million in the same year-ago period. The decrease was principally due to lower net income of \$45.9 million, lower income tax expense of \$12.9 million, lower amortization of acquired intangibles of \$1.1 million, higher interest expense of \$6.6 million, and higher interest income of \$2.3 million.

Quarterly Cash Dividend Policy

A-Mark's Board of Directors has re-affirmed its previously announced regular quarterly cash dividend policy of \$0.20 per common share (\$0.80 per share on an annual basis). The Company paid a \$0.20 quarterly cash dividend on January 29, 2024 to stockholders of record as of January 16, 2024. It is expected that the next quarterly dividend will be paid in April 2024. The declaration of regular cash dividends in the future is subject to the determination each quarter by the Board of Directors, based on a number of factors, including the Company's financial performance, available cash resources, cash requirements and alternative uses of cash and applicable bank covenants.

Conference Call

A-Mark will hold a conference call today (February 6, 2024) to discuss these financial results. A-Mark management will host the call at 4:30 p.m. Eastern time (1:30 p.m. Pacific time) followed by a question-and-answer period.

To participate, please call the conference telephone number 10 minutes before the start time and ask for the A-Mark Precious Metals conference call.

Webcast:

U.S. dial-in number: 1-888-506-0062

International number: 1-973-528-0011

Participant Access Code: 362228

The call will also be broadcast live and available for replay on the Investor Relations section of A-Mark's website at www.ir.acemark.com. If you have any difficulty connecting with the conference call or webcast, please contact A-Mark's investor relations team at 1-949-574-3860.

A replay of the call will be available after 7:30 p.m. Eastern time through February 20, 2024.

Toll-free replay number: 1-877-481-4010

International replay number: 1-919-882-2331

Participant Access Code: 49671

About A-Mark Precious Metals

Founded in 1965, A-Mark Precious Metals, Inc. is a leading fully integrated precious metals platform that offers an array of gold, silver, platinum, palladium, and copper bullion, numismatic coins, and related products to wholesale and retail customers via a portfolio of channels. The company conducts its operations through three complementary segments: Wholesale Sales & Ancillary Services, Direct-to-Consumer, and Secured Lending. The company's global customer base spans sovereign and private mints, manufacturers and fabricators, refiners, dealers, financial institutions, industrial users, investors, collectors, e-commerce customers, and other retail customers.

A-Mark's Wholesale Sales & Ancillary Services segment distributes and purchases precious metal products from sovereign and private mints. As a U.S. Mint-authorized purchaser of gold, silver, and platinum coins since 1986, A-Mark purchases bullion products directly from the U.S. Mint for sale to customers. A-Mark also has longstanding distributorships with other sovereign mints, including Australia, Austria, Canada, China, Mexico, South Africa, and the United Kingdom. The company sells more than 200 different products to e-commerce retailers, coin and bullion dealers, financial institutions, brokerages, and collectors. In addition, A-Mark sells precious metal products to industrial users, including metal refiners, manufacturers, and electronic fabricators.

Through its A-M Global Logistics subsidiary, A-Mark provides its customers with a range of complementary services, including managed storage options for precious metals as well as receiving, handling, inventorying, processing, packaging, and shipping of precious metals and coins on a secure basis. A-Mark's mint operations, which are conducted through its wholly owned subsidiary Silver Towne Mint, enable the company to offer customers a wide range of proprietary coin and bar offerings and, during periods of market volatility when the availability of silver bullion from sovereign mints is often product constrained, preferred product access.

A-Mark's Direct-to-Consumer segment operates as an omni-channel retailer of precious metals, providing access to a multitude of products through its wholly owned subsidiaries, JM Bullion and Goldline. JM Bullion is a leading e-commerce retailer of precious metals and operates seven separately branded, company-owned websites targeting specific niches within the precious metals market: JMBullion.com, ProvidentMetals.com, Silver.com, GoldPrice.org, SilverPrice.org, BGASC.com and BullionMax.com. JMB also owns CyberMetals.com, an online platform where customers can purchase and sell fractional shares of digital gold, silver, platinum, and palladium bars in a range of denominations. Goldline markets precious metals directly to the investor community through various channels, including television, radio, and telephonic sales efforts. A-Mark also holds minority ownership interests in four additional direct-to-consumer brands.

The company operates its Secured Lending segment through its wholly owned subsidiary, Collateral Finance Corporation (CFC). Founded in 2005, CFC is a California licensed finance lender that originates and acquires loans secured by bullion and numismatic coins. Its customers include coin and precious metal dealers, investors, and collectors.

A-Mark is headquartered in El Segundo, CA and has additional offices and facilities in the neighboring Los Angeles area as well as in Dallas, TX, Las Vegas, NV, Winchester, IN, and Vienna, Austria. For more information, visit www.amark.com.

A-Mark periodically provides information for investors on its corporate website, www.amark.com, and its investor relations website, ir.amark.com. This includes press releases and other information about financial performance, reports filed or furnished with the SEC, information on corporate governance, and investor presentations.

Important Cautions Regarding Forward-Looking Statements

Statements in this press release that relate to future plans, objectives, expectations, performance, events and the like are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and the Securities Exchange Act of 1934. These include statements regarding expectations with respect to future profitability and growth, dividend declarations, the amount or timing of any future dividends, future macroeconomic conditions and demand for precious metal products, and the Company's ability to effectively respond to changing economic conditions. Future events, risks and uncertainties, individually or in the aggregate, could cause actual results or circumstances to differ materially from those expressed or implied in these statements. Factors that could cause actual results to differ include the following: the failure to execute the Company's growth strategy, including the inability to identify suitable or available acquisition or investment opportunities; greater than anticipated costs incurred to execute this strategy; changes in the current international political climate, which historically has favorably contributed to demand and volatility in the precious metals markets; potential adverse effects of the current problems in the national and global supply chains; increased competition for the Company's higher margin services, which could depress pricing; the failure of the Company's business model to respond to changes in the market environment as anticipated; changes in consumer demand and preferences for precious metal products generally; potential negative effects that inflationary pressure may have on our business; the inability of the Company to expand capacity at Silver Towne Mint, the failure of our investee companies to maintain, or address the preferences of, their customer bases; general risks of doing business in the commodity markets; and the strategic, business, economic, financial, political and governmental risks and other Risk Factors described in the Company's public filings with the Securities and Exchange Commission.

The Company undertakes no obligation to publicly update or revise any forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements.

Use and Reconciliation of Non-GAAP Measures

In addition to presenting the Company's financial results determined in accordance with U.S. GAAP, management believes the following non-GAAP measures are useful in evaluating the Company's operating performance: "adjusted net income before provision for income taxes" and "earnings before interest, taxes, depreciation and amortization" ("EBITDA"). Management believes the "adjusted net income before provision for income taxes" non-GAAP financial performance measure assists investors and analysts by facilitating comparison of period-to-period operational performance on a consistent basis by excluding items that management does not believe are indicative of the Company's core operating performance. The items excluded from this financial measure may have a material impact on the Company's financial results. Certain of those items are non-recurring, while others are non-cash in nature. Management believes the EBITDA non-GAAP liquidity measure assists investors and analysts by facilitating comparison of our business operations before investing activities, interest, and income taxes with other publicly traded companies. Non-GAAP measures do not have standardized definitions and should be considered in addition to, and not as a substitute for or superior to, the comparable measures prepared in accordance with U.S. GAAP, and should be read in conjunction with the financial statements included in the Company's Quarterly Report on Form 10-Q to be filed with the SEC. Management encourages investors and others to review the Company's financial information in its entirety and not to rely on any single financial or liquidity measure.

In the Company's reconciliation from its reported U.S. GAAP "net income before provision for income taxes" to its non-GAAP "adjusted net income before provision for income taxes", the Company eliminates the impact of the following three amounts: (i) acquisition expenses; (ii) amortization expenses related to intangible assets acquired; and (iii) depreciation expense. The Company's reconciliations from its reported U.S. GAAP "net income before provision for income taxes" to its non-GAAP "adjusted net income before provision for income taxes", and "net income" and "net cash provided by (used in) operating activities" to its non-GAAP "EBITDA" are provided below and are also included in the Company's Quarterly Report on Form 10-Q to be filed with the SEC for the quarterly period ended December 31, 2023.
